

Ko-rito's

Description

Ginger beef in lettuce wraps

Because we love love love Korean food, our own quick fusion variant of a Korean dish. These kind of things is what keeps from being a vegetarian just yet, maybe I'll find a good alternative someday, but for now, get good meat and enjoy these Korito's. Our 'self named' korito's have been a very popular dish in our house for about a decade. Using salad as wraps opens up a world of opportunity. More of this coming!
